June 4 & 5, 2022  
Dressage at RMSJ

**Gold Show of Equestrian Canada**  
**Wild Rose Show of Alberta Equestrian Federation**

# Tilted Tiara

The dressage show organizer team of Joely Mann and Shelagh Hohm are pleased to host another Tilted Tiara Dressage Show.

This will be our sixth year of hosting dressage shows in Alberta. We strive to provide local, fun and relaxed shows. These are shows that are designed with the riders in mind that want to get out to an elite show facility, but with a small show feel. These shows are held in two rings with a warm-up ring in the middle. We always offer Wild Rose classes for those riders that do not have Equestrian Canada memberships or passports who just want some show experience in a larger facility.

We always have at least one official that is working on their upgrading. To maintain the sport and ensure we have judges and stewards being promoted to the Senior and FEI levels, we need to support and hire our local officials.

What better place is there to show your horse this summer? And let's be real, who doesn't want to win a Tiara!!

To keep these shows going we need sponsors and entries. We would love to hear from you if you can offer us some sponsorship.

# Rocky Mountain Show Jumping Bio-Security Protocol

Rocky Mountain Show Jumping has implemented a Health & Biosecurity Protocol to decrease the risk of introduction and/or spread of contaminants, contagious or infectious diseases by movements or horses onto or off the venue.

## Health Requirements

1. Proof of negative coggins is required and must be dated within the last 12 months.
2. You must provide proof of vaccination and coggins for ALL of your horses on the grounds, showing or not. Required vaccinations are: Equine Influenza and EVH 1 & 4 (Rhino) within 6 months (180 days) but not within 7 days of arrival on the grounds.
3. Keep copies of your vaccination records in your tack room or in your truck/trailer. You may be asked by Rocky Mountain Show Jumping personnel to present your health papers at any time.
4. If you ship in and out daily, keep copies of your vaccination records in your truck/trailer. You may be asked to present these records.
5. If proper records are not immediately available, the horse(s) will be asked to leave the grounds.

## Direct and Indirect Contact Between Horses and People

The most common path for spreading germs and disease is contact among horses, humans and other animals. Bodily fluids such as nasal discharge, saliva and sweat can carry germs which are easily transmitted from horse to horse through direct and indirect contact.

- Limit horse-to-horse contact.
  - Limit horse-to-human-to-horse contact.
  - Limit horse-to-dog (other animal)-to-horse or horse-to-dog-to-human-to-horse contact.
1. Dogs are permitted in the stabling area only. Dogs must be on a leash controlled by a human. Loose dogs will not be tolerated.
  2. Restrict unnecessary movement of horses out of their aisle or barn.
  3. Do not lead horses down other tent/barn aisles.
  4. Don't let horses make nose-to-nose contact.
  5. Do not touch or pet, or feed treats to horses.

## Soiled Equipment

Soiled equipment is another common path for spreading germs and disease. Nasal discharge, saliva, sweat, and even soiled bedding can carry microbes and spread them via shared items such as tack, equipment, hoses, buckets, grooming supplies and towels.

1. **Do not let water hoses touch buckets when filling.** Contact with a contaminated surface on a water bucket can be easily transmitted to the next bucket contacted.
2. **Do not allow horses to drink from the hose.**
3. **Do not share water or feed buckets.**
4. **Have hand sanitizer readily available,** and use it between grooming/tacking up horses. Keep it handy in the grooming stall, on your golf cart, and in your grooming box at the ring
5. **Use clean brushes and towels on each horse.** If you don't have enough brushes for each horse to have his own set, be sure to wash them often.
6. **Don't share tack and equipment,** especially bits and bridles, unless they are cleaned between each use.

## **BIO-SECURITY MEASURES**

Protecting the health of your horses is of the utmost importance to Rocky Mountain Show Jumping. Rocky Mountain Show Jumping has compiled this list of Bio-Security Regulations for decreasing the risk of exposure or spread of disease.

1. Be sure to read the Bio-Security regulations, it reviews simple steps we all can take to keep horses healthy!
2. **Horses Temperature** is an easy way to monitor your horse. Take and record your horses temperature twice daily when it is at rest and NOT immediately following exercise and trailering. Horses temperature should be below 102°F
3. Trainers – please let your braider know to about the new Bio-Security regulations.

## **RMSJ CONTINGENCY PLAN**

**Monitor your horses** and contact TD Equine Veterinary Group at 403-691-9808 if you notice any unusual symptoms. Any sick or suspect horses are to be reported to the veterinary staff and will be separated and taken to isolation stalls for testing and observation.
